

ARTESIAN SPAS™
EXPERIENCE THE ULTIMATE

ENGINEERED FOR ULTIMATE CONTROL

PLATINUM ELITE™

EXPERIENCE THE ULTIMATE

WIRELESS CONTROL

UNMATCHED PERFORMANCE

Artesian Spas' Platinum Elite models are indeed beautiful, but they are far more than just aesthetically pleasing. Behind the graceful lines and pampering surfaces lies the most powerful, sophisticated system ever devised for moving and controlling the flow of water in a spa. This personalized water control system is what truly sets this spa line apart from the rest. The Platinum Elite spa moves more water volume through more jets with greater power and less resistance than any other spa in the industry. Our patented Helix Jet System produces a powerful rotating, pulsing action, giving you a soothing, luxurious hydro-massage unlike any other. Simply stated, you will not find a better performing, more therapeutic spa anywhere else in the world.

BEST OF CLASS

poolandspa.com

CONTROL YOUR SPA

- In Your Backyard
- In Your House
- In Your Office
- Any Wi-Fi Hotspot
- Any 3G/4G Data Network

Worldwide WiFi App Module Option

The Worldwide App Module option, allows you to access your hot tub using an app on your smart device (Android™ or iPhone®) via a direct connection anywhere in the local proximity of your tub. Gain access anywhere in your house that you can connect to your local WiFi network, or anywhere in the world you have an internet connection to your smart device via 3G, 4G, or WiFi hot spots.

With the app, you can ensure that your hot tub will be ready whenever you want to take a dip. The App provides full interface control so you can set the temperature, turn pumps on and off and even set filtration cycles - all from your smartphone or tablet.

*The app's cloud access cost is free for the 1st 12 months and \$24 per year. If not renewed after 12 months, the app will continue to operate in local mode only.

ADVANCED TECHNOLOGY

Environmentally Conscious

- Our maintenance-free, synthetic Kingwood cabinets do not rust or warp, reducing the need for replacement.
- High density Icynene® foam fills the space between the cabinet and the shell providing the highest level of insulation possible.
- Our spa covers upgraded to ProGuard offer the best heat retention available.

Environmentally Friendly Water Treatment

- The Crystal AOP™, option is the natural way to obtain a crystal clean spa. Using a combination of the Nature2 option, Microfiltration, high efficiency Circulation Pump, UVC, Ozone and ProPure™ Mixer, we are able to achieve maximum water clarity while using far fewer chemicals.
- The Crystal ProPure™, standard feature combines the use of the Nature2 option, Ozone Generator, Mazzei Injector, and the ProPure™ Mixing Chamber to concentrate the water purification process.
- Both systems use the Nature2® option, a silver mineral treatment component that screws directly into the microfilter to naturally destroy bacteria and algae, thus reducing the need for chemicals.

WhisperPure™, Circulation System Benefits

- The WhisperPure™, Circulation System circulates water through the microfilters and the heater up to 100 times a day. It delivers clean, regulated water 24 hours a day with a low operating cost.

HELIX-INSPIRED: A NEW SPIN ON SPA JETS

The Platinum Elite line features a revolutionary breakthrough in hydrotherapy jetting that makes use of the timeless concept of the helix; a curve in three-dimensional space, such as that found in a spiral staircase. This Artesian Spas' patented jet design provides a truly remarkable hydro-massage. Engineered with the idea of the double helix in mind, the jets use a right-directional spiral on the inside of the cylinder. This causes water to spiral out in a twisting motion, providing jet pulsation and heightened massage pressure.

The two largest helix jets, named ProHelix™, provide a high volume of water to massage large muscles in the body. The midsized helix jet, called TheraHelix™, is strategically placed in the spa in small groups to massage muscles such the calves, hamstrings, deltoids, biceps, and triceps.

The smallest helix jet, the AccuHelix™, is placed in large groupings to massage larger regions of the body, such as the entire back. As a complete system, four to five different sizes of helix jets are featured in every Platinum Elite Spa model.

DIRECTFLOW®

PERSONAL CONTROL FOR EVERY SEAT

PERSONAL CONTROL FOR EVERY SEAT

Custom Massage Seat | More Efficient | Reduces Operation Cost

The innovative patented DIRECTFLOW® switchless motor and direct plumbing system combined with the VARIABLE FLOW CONTROL (VFC), provides each user with the ultimate individual control and hydrotherapy experience possible.

DIRECTFLOW® - PER SEAT

- **One Switchless Pump Motor Per Seat** | Increases efficiency by supplying optimum power and maximum reliability.
- **One Control Per Seat** | Each spa seat occupant has their own individual control.
- **Direct Water Flow** | Water flows directly from the pumps to the jets with no diverters, valves, or elbows resulting in maximum output with the minimum loss.

VARIABLE FLOW CONTROL - PER SEAT

- **Rotate to High or Low** | Rotate to "HI" for a full-pressure massage or to "LO" for a more relaxed massage.
- **Wide Range** | Turn the VFC to any massage power, air pressure and water flow desired.
- **Energy-Efficient** | When the VFC is turned to "LO", the pumps consume 40% less power consumption.

- 1 • Air Control •**
Air Pressure Adjustment
- 2 • Pump Switch •**
Turn Individual Seat Pump On/Off
- 3 • Variable Flow Control •**
High or Low Jet Pressure

The power of massage can be individually regulated by the sophisticated Platinum Elite design, and by the engineering of individual therapy seat pumps, direct plumbing, and separate control pads.

No other spa can give you the DIRECTFLOW® personal control!

• YOU CONTROL •
Custom and Wide Range of Pressure, Flow Rate, and Motor Power (Amperage Draw)

WATER PURIFICATION

Ozone + Dynamic Injector + ProPure Mixing Chamber

Crystal ProPure Water Purification combines the **Ozonator**, **Dynamic Injector**, and the **ProPure Mixing Chamber**. All components work together to create **AN INNOVATIVE WATER PURIFICATION SYSTEM**.

HOW IT WORKS

- 1 The **Nature2®** option is a patented technology uses silver and copper minerals to naturally destroy bacteria and algae.
- 2 The **Microfiltration** removes contaminants such as dirt, metals, and oil by water passage through a microporous membrane.
- 3 Water is cycled through the high efficiency **Circulation Pump** filtering water up to 30 gallons per minute.
- 4 **Oxygen Molecules** are split by electrodes and then **Oxygen Atoms** unite with other oxygen molecules to produce high output ozone.
- 5 The ozone generator produces ozone and the Dynamic Injector then shoots ozone into the **ProPure™ Mixing Chamber**, where it mixes with water and air. This chamber keeps the ozone concentrated in a small body of water. The isolated chamber allows the ozone to remain undiluted, hence it can efficiently kill more bacteria, fungi, and viruses than if it was directly injected into the entire spa.
- 6 Water exits the unit and flows into the spa resulting in clean and **Purified** spa water.

Natural • Ultra Clean • Peace of Mind

The Crystal AOP ProPure™ Advanced Oxidation combines the **Nature2®** option, **Microfiltration**, high efficiency **Circulation Pump**, **UVC**, **Ozone** and **ProPure™ Mixer** to create the **MOST ADVANCED OXIDATION PROCESS (AOP) FOR WATER PURIFICATION**.

Advanced WATER PURIFICATION

UVC + Ozone + ProPure

HOW IT WORKS

- 1 Spa water enters the optional **Nature2®** stick where silver and copper minerals naturally destroy bacteria.
- 2 Contaminants are then trapped in the **Micro Filter**.
- 3 Water is cycled through the high efficiency **Circulation Pump** filtering water up to 30 gallons per minute.
- 4 Air enters unit where the **UV Bulb** converts it to Ozone and Hydroxyls. (Bulb rated 20,000 life hours.)
- 5 Water enters the **AOP™ Unit** through the injector, drawing Ozone and Hydroxyls from the chamber. Static mixer combines water, Ozone and Hydroxyls in a scrambled flow.
- 6 Water irradiated by **Germicidal UVC** converts ozone to Hydroxyl Radicals through **Advanced Oxidation Processing**. Contaminants are destroyed by intense Germicidal UVC, Ozone, and Hydroxyl Radicals.
- 7 Water exits the unit to the **ProPure™ Mixer**, where water and air is mixed to keep ozone concentrated and isolated to maximize purification to produce the purest sanitized spa water possible.

SPA FEATURE OVERVIEW

STANDARD FEATURES

- **Warranty:**
Lifetime Structure
7-Year Surface
5-Years Parts and Plumbing
5-Years Electrical
2-Years on Kingwood Cabinets
- **5 to 3 in. ASTM Super Deluxe Safety Cover**
- **Full Foam w/PermaBase ABS Pan**
- **WhisperPure™ Circulation System with Microfiltration**
- **Halo Helix SS Jets Design**
- **Maintenance Free Kingwood Cabinet**
- **Crystal ProPure™ Ozone Mixing Chamber**
- **DynaStar LED: 1-5 in. LED Light, Illuminates 2 Aqua Serene, 2 Pillowfalls, Pillows**
- **DirectFlow® Personal Control**
- **Advanced Digital Control System: Color LCD Panel, WiFi Ready (module required), Multi-language, User-Friendly Interface**
- **Titanium Heater: 1.4/5.5 kW, North America (60Hz), 3.0 kW Export (50Hz)**

OPTIONAL FEATURES

- **Worldwide WiFi App Module**
- **Stereo System:**
 - 1) **Premium Infinity® Sound System by Harman:**
Bluetooth® Receiver, USB and Aux Input, AM/FM
2 Pop-up Speakers, 2-6.5 in. Exterior Speakers, Power Subwoofer
Wireless Remote (Optional)
 - 2) **bba™ Bluetooth Audio:**
Fully Integrated Bluetooth Audio Streaming Color LCD Panel,
2 Pop-up Speakers, Subwoofer
- **Water Purification:**
 - 1) **Crystal AOP ProPure™ Advanced Oxidation**
 - 2) **Nature2® Cartridge**
- **DynaBrite LED: DynaStar, 7-2 in. LED Light**
- **Disposable Micro Filter**
- **Pump/Heater Valves**

Premium Infinity® Sound System by Harman

- Bluetooth® Receiver
- USB and Aux Input
- AM/FM
- 2 Pop-up Speakers

QUALITY PROTECTION

Every Platinum Elite Spa comes standard with the highest level of insulation and protection possible:

- ASTM Super Deluxe Safety Cover guarantees the highest level of insulation and protection during extreme weather conditions.

- High Density Icynene® full foam fills the space between the cabinet and the shell allowing the spa to lock in heat and seal out cool air.

- PermaBase™ ABS Pan is a rigid ABS thermoplastic base pan that is completely waterproof and weather resistant.
