## ESCAPE TO A TROPICAL PARADISE

Tropic Reflections Spas brings paradise to your backyard. Escape to a relaxing retreat and enjoy the ultimate hydrotherapy massage that leaves you feeling refreshed and recharged. Each Tropic Reflections Spa has been handcrafted to provide a feature-rich, optimal mix of elegance and functionality. These spas are built with the ideal combination of innovative engineering and energy efficiency. Sink in, sit back, relax, and enjoy Tropic Reflections Spas' many features ranging from the sophisticated jet system, to the LED lighting. A passion to detail and commitment to the highest standards are evident in all Tropic Reflections Spas models.

# Innovative Jet Design

An ultimate  
MASSAGE feature

Tropic Reflections Spas new 2016 advanced jet design offers an amazing hydrotherapy massage. Each spa comes with a complete therapy system that is comprised of different types and sizes of jets. Roto jets push water in a right-directional spiral to create a unique water pattern that intensifies your massage. Perfect pressure is provided with Direct jets that range from two to five inches in diameter.

Every seat has a strategically placed arrangement of jets—making the ultimate combination to target every major muscle group. Control your own massage by turning jets and air controls for maximum to low pressure.

## Artistry

Tropic Reflections Spas combine handcrafted artistry and ergonomic design to create the ultimate spa experience. Graphite grey accents highlight the spas' beautifully sculpted lines. Comfortable, ergonomic seats are at varied depths to accommodate different spa users. Dramatic textured seat and floor surfaces provide a sensational, massage feeling on your feet and toes. Sit in the cool down seat and take advantage of the unique massage nodes that gently caress your back.

## Tranquility Fall

This peaceful waterfall provides color therapy and the soothing sounds of falling water — creating a relaxing environment.
