

Michael  Phelps
LEGEND
SERIES BY MASTER SPAS®

These spas have the powerful therapy that has made

Introducing

WORLD CLASS, LUXURY HOT TUBS...
THE MICHAEL PHELPS LEGEND SERIES
BY MASTER SPAS.

EUROPEAN INSPIRED LINES

CUSTOM AIR CONTROLS AND VALVES

AMAZING WATER FEATURES

One glance and you'll see why these hot tubs shatter the mold. Custom designed crystal-like jets, custom backlit air controls and valves, and stainless steel accents give the Michael Phelps Legend Series spas a sophisticated and contemporary feel. Beautiful, graceful lines, breath taking lighting and soothing water features make Michael Phelps Legend Series a work of art.

Master Spas' flagship line of ultra premium hot tubs is also a stunning work of technology. The color display control panel lets you easily manage every function of the hot tub, and by using the available app for your smart phone or tablet, you can make sure your spa is always ready no matter where you are.*

THIS IS THE PERFECT BLEND OF ART AND SCIENCE.

Crystal clear water is the result of a synergistic combination of EcoPur® filtration and the advanced UV light/ozone system called Mast3rPur™. There is no water management system on the market, including salt systems, that comes close to this multi-faceted approach to water quality.

A specially engineered vibration damping system cuts pump noise and vibrations by more than 150% compared to the industry standard. Now you can hear every note from the optional premium Bluetooth stereo system, enjoy live streaming TV or watch your favorite movies via the optional waterproof iPad® entertainment system.

The Michael Phelps Legend Series by Master Spas are the best designed, best engineered hot tubs you can buy. No wonder they're the Ultimate Relaxation Machine.

*REQUIRES OPTIONAL WI-FI MODULE

Master Spas...
legendary.

Part of what makes

every Master Spa a favorite among critics and customers is

XTREME THERAPY SEAT

STRESSRELIEF NECK AND SHOULDER SEAT

CONTOURED LOUNGE

OUR FINELY-CRAFTED, FORM-FITTING SEATS THAT PERFECTLY ACCOMMODATE THE HUMAN BODY.

We have taken therapy to the extreme simply by creating seats that wrap you in comfort and that deliver the ultimate in hydrothermal therapy from head to toe. For example, the Xtreme Therapy Seat utilizes 22 strategically placed jets with two whirlpools in a unique pattern for the neck and back and maximum coverage for the calves, arms, wrists, and hands — all with individual controls. All Legend Series spas feature dual 14-nozzle Master Blaster™ jets for the best foot massage therapy anywhere.

Master Spas offers numerous therapeutic jet configurations, all within your command. Choose a full body massage... or perhaps concentrated neck and shoulder relief... or a soothing foot massage... or a relaxing lounge and cool-down seat. Many jets are fully adjustable from 100 to 10 percent velocity, allowing you to customize every seat in the spa!

EXPERIENCE MASTER SPAS LEGENDARY THERAPY

- StressRelief™ Neck and Shoulder Seat
- Master Blaster Foot Massage Therapy
- Xtreme Therapy Seat
- Master Force™ Bio-Magnetic Therapy System
- Exclusive Orbit Jets with stunning crystal-like nozzles

SMART DEVICE, MEET SMART SPA

Set the mood prior to entering your spa, with the right lighting, water temperature, and running massage pumps all from the convenience of your Apple® or Android® device. Remotely control the operations of your spa via an optional integrated Wi-Fi module that works with a Wi-Fi spa control app.

DELUXE FUSION BT SOUND SYSTEM

Master Spas' optional Deluxe Fusion BT (Bluetooth) Sound System allows you to bring your favorite music to life with the perfect balance of stereo sound. As you settle into the hydrotherapy of the water and jets, let your mind wander with the music. A docking station with Bluetooth technology, premium sound speakers, and a water-resistant remote will seduce your senses into untroubled happiness. Just press play.

WATCH YOUR FAVORITE TV SHOW OR MOVIES WITH YOUR IPAD

Once you have an optional Fusion Sound System, it's easy to stream shows or movies from the comfort of your hot tub using your iPad or iPad mini™. Just use the optional waterproof case and heavy duty suction stand on your Apple® tablet, connect to your Bluetooth through your device and pick what you want to watch. It's that easy!

EXPERIENCE SPA THERAPY IN A WHOLE NEW LIGHT

Enhance your relaxation experience with an enlightening cascade of color. Our standard LED light package illuminates your pillows, water features, controls and more with a rich spectrum of inviting colors. You'll have complete control of the color from your state-of-the-art topside controls. The optional Afterglow Jet Package brings a brilliant kaleidoscope of colors through the larger crystal-like jets in your spa.

NOISE REDUCTION SYSTEM

Less Noise = More Relaxing

The little things in life make such a big difference for us. It could be the smile of a young child at the end of a long day or maybe it's the fact you hit all the green lights on your morning commute. One thing that's been more difficult to find in these busy times is a quiet, relaxing place to rejuvenate yourself. The most relaxing spas in the world got even better with our exclusive Noise Reduction System (NRS).

The NRS is the result of advanced engineering innovation that reduces pump and motor vibration by 150% over the industry standard mounting system making it even easier to find your quiet place.

MAKING IT EVEN EASIER TO FIND YOUR QUIET PLACE

INDUSTRY STANDARD

MASTER SPAS NOISE REDUCTION SYSTEM

The heart of Master Spas Noise Reduction System (NRS) is the unique motor mount developed by Master Spas world class engineers and our industry leading suppliers. The NRS is featured on Pump 1 on every Michael Phelps Legend Series Spa.

Peace of Mind SMART SENSOR TECHNOLOGY

Smart Sensor Technology, a feature included in every Master Spa, helps you to regulate all the functions of your unit:

- Sensors monitor each other via software to help control water flow and temperature
- Tests and assures for proper operating environment for the heating element
- Eliminates excessive cycling
- Detects any flow restrictions
- Minimizes calcium buildup on the element
- Ensures all safety functions are always active

How We Create

MASTER CRAFTED, LEGENDARY REPUTATION

At Master Spas, we have worked for over 35 years to perfect your spa experience. We're proud to say that all our spas are made in the USA and each design is master-crafted to achieve enhanced, innovative therapy and high-tech advancements in insulation, filtration and heating systems. Here are a few of the proprietary features that distinguish Master Spas as a leader in spa design, construction, and performance:

Easy to Own EASY TO ENJOY

One of our goals is to dismiss the myths that owning and caring for a portable spa involves high costs of time, energy, and resources. With Master Spas, it simply is not true. We invest significantly in product research and development of each spa component to ensure lasting performance with easy care. And we're not done yet. We continue to improve our spas, making them easier to maintain and more enjoyable — after all, we believe that's part of the therapy, too.

BETTER INSULATION MEANS STRESS-FREE MAINTENANCE

Master Spas are certified to the California Energy Commission (CEC) as meeting Title 20 requirements. We use Icynene foam technology that has dramatically raised the standard over urethane foam insulation systems used by almost all spa manufacturers. Icynene is polyisocyanurate expanding foam insulation that is environmentally safe. It allows foam to be sprayed without ozone destroying gases and without gas emission hazards.

BETTER INSULATION MEANS LOW ENERGY COSTS

The Icynene Insulation System expands to 100 times its initial volume in seconds to insulate and air-seal the spa envelope. The resulting blanket of soft foam insulation forms a continuous thermal barrier that eliminates cold spots and significantly reduces energy costs. A consistent, comfortable temperature is maintained inside the spa, while cold air is kept outside, and condensation, mold and mildew prevented. Unlike urethane foam-based systems, which lose half their R value in as little as two years, Icynene maintains its insulation value for the life of your Master Spa.

- **MOLD RESISTANT COATED WOOD FRAME** a heavy-duty 2x4 engineered frame that is coated to reduce moisture absorption.
- **FIBERGLASS REINFORCED BILLETS** give the frame's top flange greater strength.
- **VAC FORMED ABS PAN BOTTOM** finishes the frame with a vac formed, high density ABS base that helps keep the heat in and unwanted pests out.
- **MANIFOLD PLUMBING SYSTEM** ensures that pressure is distributed equally among the spa's jets.
- **NOISE REDUCTION SYSTEM** is a result of advanced engineering innovation that reduces pump and motor vibration by 150% over the industry standard mounting system.
- **ENVIRONMENTALLY-FRIENDLY ICYNENE FOAM INSULATION** makes a Master Spa one of the most energy-efficient spas in the industry. It also helps support the weight of the plumbing in the spa. Every Master Spa is certified to the California Energy Commission (CEC) as meeting Title 20 requirements.
- **MAST3RPUR WATER MANAGEMENT SYSTEM** provides radically clean spa water in an environmentally friendly way using a synergistic blend of three proven natural sanitizers, including our patented **EcoPur Water Filtration System**.
- **DURAMASTER PREMIUM™ SKIRTING** is made of high-impact, weatherable polymer. It features authentic wood grain patterns randomly etched into the polymer for a rich, three-dimensional look. The skirting has virtually no fading and is so durable, that it comes with a **lifetime** warranty.

Mast3rPur™

Naturally MAST3RPUR ~ THE NEXT GENERATION IN WATER MANAGEMENT SYSTEM

The synergistic blend of three proven natural sanitizers provides water quality and spa care not found in any other spa, including salt systems. Plus, the Mast3rPur Water Management System dramatically reduces harsh chemical consumption, like chlorine, while removing many heavy metals and chloramines for water that looks crystal clear, smells fresh, and has a silky feel. Another innovative, exclusive benefit only available through Master Spas.

THE POWER OF 3

When absorbed in water, ozone kills pathogens and microorganisms, destroys organics, and oxidizes non-organic contaminants.

When germicidal UV-C light is exposed to water it inactivates microorganisms and breaks down chloramines.

The unique combination of copper and zinc in the patented EcoPur filters creates an electro-chemical reaction to eliminate many microorganisms and remove heavy metals such as lead and mercury.

Each of the three elements are proven effective water management tools but when they are combined, their synergy makes them dramatically more effective through a chemical reaction known as Advanced Oxidation Process (AOP).

AOP is superior to other systems because it produces powerful hydroxyl radicals that maximize disinfection and reduces chloramines fast and effectively. Clean, clear, fresh smelling, and silkier water is available now with less work...exclusively on Master Spas.

REVERSE MOLDED STRESSRELIEF NECK AND SHOULDER SEAT

MASTER BLASTER FOOT MASSAGE THERAPY

Putting you in control of

MASTER FORCE BIO-MAGNETIC THERAPY SYSTEM

your wellness

Therapeutic

BIO-MAGNETIC THERAPY SYSTEM

Master Spas is putting you in complete control of your wellness. Used for centuries to help relieve pain, improve circulation, reduce swelling, and alleviate stiffness, magnetic therapy is being reborn in the world of modern medicine.

More doctors and physical therapists now use magnetic therapy for the treatment of back problems, arthritis and sports injuries. As a result, nearly 70 percent of all professional athletes use magnetic therapy for pain relief and performance enhancement.

Our patented Master Force Bio-Magnetic Therapy System applies strategically placed magnets to two pressure points behind the neck, and eight through the shoulders, back and seat areas in our exclusive reverse molded StressRelief Neck and Shoulder Seat.

MASTER BLASTER

Our Master Blaster Foot Therapy System uses dual jet clusters with 28 total individual nozzles designed to rejuvenate your body through an encompassing foot massage. This unique form of reflexology is supported by scientific studies showing the health benefits of foot massage. Our Master Blaster Foot Therapy System is powered by a separate oversized pump, generating 140 gallons per minute of powerful yet soothing foot relief.

REVERSE MOLDED STRESSRELIEF NECK AND SHOULDER SEAT

Our exclusive reverse molded StressRelief Neck and Shoulder Seat features specially designed jets that apply tension-relieving massage where it's needed most, across the neck and shoulders.

THERAPEUTIC JETS, ALL WITHIN YOUR COMMAND

Many jets are fully adjustable from 100 to 10 percent velocity, allowing you to customize every seat in the spa! Our exclusive Orbit Jets have stunning crystal-like nozzles, shown illuminated below with the optional Afterglow Jet Package.

NEARLY 70% OF ALL
PROFESSIONAL ATHLETES
USE MAGNETIC THERAPY

MASTER SPAS CARES FOR CURES Master Spas is pleased and proud to assist two foundations dedicated to finding and funding the cures for life-hindering diseases.

Along with the Lupus Foundation of America, we have initiated a campaign to help raise awareness and find a cure for this debilitating disease that affects more than 1.5 million Americans. Part of the profit of each spa sold will go to the Lupus Foundation.

Master Spas has joined forces with the Vera Bradley Foundation for Breast Cancer to eradicate breast cancer, a life-threatening disease, by providing financial support for research and research-related projects.

CARES FOR KIDS With every Master Spas Swim Spa sold, a donation will be made to the NAZ Children's Centre in Jamaica.

For more information, visit MasterSpas.com/cares

Everything about the Michael Phelps Legend Series sets it apart as the standard in luxury portable spas. With the most outstanding features and best construction in the industry, it redefines the spa experience. Proven by the LSX 800 being repeatedly recognized as a "Best Buy" in the premium category by Consumers Digest, the Legend is truly the Ultimate Relaxation Machine.

Both our products and our company are recognized by the spa industry's most distinguished and coveted awards as well as many notable organizations. ABC Television's "Extreme Makeover: Home Edition" featured the Master Spas Legend Series. Producers of Discovery Channel selected Master Spas to be featured on the network's "How It's Made" program that shows a walk-through from concept to completion of various products.

Our growing list of awards and accolades also includes:

- Spa Certified — the highest endorsement rating, rewarding quality and service in the hot tub industry

- Recipient of the BBB Torch Award for Marketplace Ethics

- Inspire Award — the hot tub industry's top award

- Ernst & Young — Entrepreneur of the Year
