LEGENDARY PERFORMANCE

MICHAEL  PHELPS
LEGEND[®]
 SERIES BY MASTER SPAS

BECAUSE YOU
DON'T BELIEVE IN
SECOND BEST.

A TRUE LUXURY

The difference between the best and all the others comes down to performance. And just like its namesake, great performance is exactly what you'll experience with the Michael Phelps Legend Series by Master Spas. A long list of exceptional features make these ultra-premium spas look and feel luxurious. But engineering and technology are what really sets this Legend apart from other spas. Every inch is designed and engineered for ultimate luxurious enjoyment.

LEGENDARY PERFORMANCE

THE PERFECT BLEND OF INNOVATION AND SOPHISTICATION

MICHAEL PHELPS LEGEND SERIES

Master Spas' flagship line of ultra-premium hot tubs integrates smart technology with elegant style. Enjoy the ability to control your relaxation experience while appreciating the European-inspired lines, LED lighting and water features.

- Enjoy a tension-relieving massage that will leave you revived and restored. Adjustable jets deliver a custom massage to every seat.
- Our color display panel makes it easier to control every spa function.
- Enjoy crystal clear water that is easier to achieve, thanks to the innovative filtration system.
- Upgrade your relaxation with premium features, including the Fusion Air Sound System and Dream Lighting. These features will add to the ambiance of your backyard oasis with your favorite music and soft streams of light.

"After a workout, I love to get in the hot tub — a little relaxation, a little therapy. You have to check out the foot massage jets of the Michael Phelps Legend Series hot tub by Master Spas!"

A handwritten signature in black ink that reads "Michael Phelps".

Michael Phelps, 23-time gold medalist

The partnership between Michael Phelps and Master Spas began in 2010, with the launch of the industry-leading Michael Phelps Signature Swim Spas line. Building on the success, the relationship expanded to include the premium line of hot tubs, Michael Phelps Legend Series.

LEGENDARY THERAPY

COMFORTABLE SEATING AND PREMIUM SPA JETS

Discover the tranquility and comfort you had in mind with the Michael Phelps Legend Series. Ergonomic seating and multiple jet configurations make it easy to find your favorite place.

EXPERIENCE THE LEGENDARY THERAPY OF MASTER SPAS

Relax into the lounge seat, which has 22 strategically placed jets, or cozy back into a bucket seat. Adjustable jets allow you to direct the water and adjust the pressure, delivering the massage that's best for you. Choose the full-body treatment or concentrate the massage at your neck and shoulders. Easily adjust the temperature up to a soothing 104 degrees, maximizing the benefits of hydrotherapy.

- StressRelief Neck and Shoulder Seat™
- Master Blaster® Foot Massage Therapy
- Master Force™ Bio-Magnetic Therapy System
- Exclusive Orbit Jets with stunning crystal-like nozzles

THERAPEUTIC JETS

A WELLNESS REVOLUTION

Our exclusive Orbit Jets are not just about dazzling design but performance. Featuring crystal-like nozzles, the spa jets can be adjusted from 10 to 100 percent velocity.

PUTTING YOU IN CONTROL OF YOUR WELLNESS

MASSAGE & PAIN RELIEF

MAGNETIC THERAPY

Our exclusive Master Force™ Bio-Magnetic Therapy System offers the benefits of magnetic therapy in the comfort of a hot tub. Magnetic therapy has been used for centuries to help relieve pain, improve circulation, reduce swelling and alleviate stiffness. Today, more and more doctors and physical therapists are using magnetic therapy for the treatment of back problems, arthritis and sports injuries.

That's why Master Spas, after extensive research and development, chose to combine the proven benefits of hydrotherapy with the pain relieving comfort of bio-magnetic therapy. Our Master Force™ Bio-Magnetic Therapy System applies strategically placed magnets to two pressure points behind the neck and eight throughout the shoulders, back and seat areas in our exclusive StressRelief Neck and Shoulder Seat™.

"I have owned several different hot tubs and by far this is the best hot tub I have ever owned! The power of the jets give me the massage I need. I have a very bad back and I've found that the massage is incredible! I have also had major surgeries on my legs and noticed that the leg jets in the lounge have improved my mobility greatly. I am simply amazed!"

—Sean C., West Kelowna, BC, Canada

STRESSRELIEF NECK AND SHOULDER SEAT™

Our exclusive StressRelief Neck and Shoulder Seat features specially designed jets that apply tension-relieving massage where it's needed most, across the neck and shoulders.

MASTER BLASTER® FOOT MASSAGE THERAPY

Our Master Blaster Foot Massage Therapy System uses dual jet clusters with 28 total individual nozzles designed to rejuvenate your body through an encompassing foot massage. This unique form of reflexology is supported by scientific studies showing the health benefits of foot massage. Our Master Blaster Foot Massage Therapy System is powered by a separate, oversized pump, generating powerful yet soothing foot relief.

A large, dark-colored hot tub is the central focus, illuminated from within with a vibrant blue light. The tub is situated on a concrete deck in a backyard. In the background, a two-story house with light-colored siding and several windows is visible. A string of warm white outdoor lights hangs across the scene, and a potted plant sits near a glass door. The overall atmosphere is cozy and relaxing.

THERAPY IN A WHOLE NEW LIGHT DREAM LIGHTING

Enhance your relaxation experience with an enchanting cascade of color. Our standard LED light package illuminates your pillows, water features, controls and more with a rich spectrum of inviting colors. Dream Lighting adds beautiful soft streams of light to accent the exterior corners of your hot tub at night.*

WHERE HEALTH AND HAPPINESS MEET

WHAT MATTERS MOST

Renew your energy and relationships with a Michael Phelps Legend Series Hot Tub by Master Spas. Combining the benefits of hydrotherapy with an inviting gathering space, a Legend Series hot tub makes it easier to find time for yourself and those who mean the most.

FAMILY TIME just got more fun. Legend Series hot tubs comfortably seat anywhere from four to eight adults, giving everyone room to relax and reconnect.

HOT WATER THERAPY has been shown to reduce stress, relieve pain, improve circulation, lower blood pressure and boost endorphins.

SLEEP BETTER, thanks to feeling more relaxed and the change in body temperature.

RECOVER from an exercise session or injury. The water takes the pressure off joints, allowing you to have better mobility and flexibility.

EASY TO OWN, EASY TO ENJOY

ENERGY EFFICIENT

All of our hot tubs are built to be used year-round in any climate. In fact, our environmentally-friendly foam insulation makes Michael Phelps Legend Series Hot Tubs by Master Spas among the most energy-efficient hot tubs in the industry.

By expanding to tightly seal and secure all areas under your hot tub, our insulation:

- Prevents heat loss
- Retains its shape and efficiency for the life of the product
- Resists mold and mildew
- Reduces the noise of your spa
- Produces no ozone harming off-gas, environmentally safe

Every Legend Series hot tub is built to not only meet but to exceed stringent energy-efficiency regulations. All resulting in what really matters — a superior spa experience and savings for you and your monthly utility bill.

THE MAKING OF A LEGEND

MASTER-CRAFTED, LEGENDARY REPUTATION

Master Spas builds on its reputation for innovation with the quality materials and forward-thinking design of the Michael Phelps Legend Series. All of Master Spas hot tubs are manufactured in the USA at the company's Indiana campus and each design is master-crafted for energy efficiency and ease of use. Explore the features that distinguish Master Spas as a leader in hot tub design, construction and performance.

- **EXCEPTIONAL QUALITY STANDARDS** Each hot tub undergoes a 100-point, multi-part inspection process that includes water testing.
- **ENGINEERED FRAME** Our heavy duty 2 x 4 engineered frame features a coated toe-kick to reduce moisture absorption where it matters most, the part of the frame closest to the ground.

- **VAC-FORMED ABS PAN BOTTOM** helps keep in the heat and the elements out.
- **MANIFOLD PLUMBING SYSTEM** ensures that pressure is distributed equally between the spa's jets. The system makes it easier to control the stream of water and enjoy benefits of massage.
- **ENVIRONMENTALLY-FRIENDLY FOAM INSULATION** makes Master Spas hot tubs among the most energy efficient in the industry. Not only is it good for the Earth, but the insulation makes the hot tub less costly to operate. Every Master Spas hot tub is built to not only meet but to exceed stringent energy-efficient regulations.
- **ECOPUR® CHARGE MASTER CORE TECHNOLOGY** is a patent-pending filtration system that takes the work out of maintaining your hot tub. Using the same multi-stage filtration techniques as Mother Nature, EcoPur Charge relies on a unique blend of copper and zinc that creates an electrochemical reaction to eliminate many microorganisms and remove heavy metals. This dramatically reduces the amount of sanitizer needed. It is designed so your hot tub can be ready to use at any time, without maintenance worries, so you can relax.
- **DURAMASTER PREMIUM™ SKIRTING** is made of high-impact, weatherable polymer. It features authentic wood grain patterns randomly etched into the polymer for a rich, three-dimensional look. The skirting has virtually no fading and is so durable, it comes with a lifetime warranty.

CLEAN, PURE WATER — NATURALLY

Mast3rPur™ WATER MANAGEMENT SYSTEM*

The synergistic blend of three proven natural sanitizers provides water quality and care not found in any other hot tub, including those with salt systems. The Mast3rPur Water Management System dramatically reduces harsh chemical consumption, like chlorine, while removing many heavy metals and chloramines for water that looks crystal clear, smells fresh and has a silky feel.

THE POWER OF 3

OZONE kills pathogens and microorganisms, destroys organics and oxidizes non-organic contaminants.

When germicidal **UV-C LIGHT** is exposed to water, it inactivates microorganisms and breaks down chloramines.

The unique combination of **COPPER** and **ZINC** in the EcoPur® Charge filters creates an electro-chemical reaction to eliminate many microorganisms and remove heavy metals such as lead and mercury.

Each of the three elements are proven effective water management tools but when they are combined, they are dramatically more effective because of Advanced Oxidation Process (AOP). AOP is superior to other systems because it produces powerful hydroxyl radicals, which maximize disinfection and reduce chloramines fast and effectively. Clean, clear, fresh smelling and silkier water is available now with less work... another innovative, exclusive benefit only available through Master Spas.**

QUIETFLO WATER CARE SYSTEM™*

What if you could fill your hot tub with fresh water every time you use it? With the QuietFlo Water Management System, you can. This amazing system moves water through your EcoPur Charge filtration system, up to 25 gallons per minute, 24/7. This means that a typical 7-foot hot tub can have complete filtration every 13 minutes.

**The Mast3rPur option is only available on hot tubs equipped with the QuietFlo Water Care System.
