

BAHAMA SPAS

RELAXED AND HAPPY

2018 Program

Product Changes For 2018 Bahama Models

- New RESORTER Spa
- Two new 8' Spas - CABANA BAY & OCEAN BREEZE
- K-1000 Topside
- in.Stream™ Stereo System
- in.Touch2 Upgrade
- in.Mix™ Lighting System
- Two Tone Lite Corners
- Simple Clear U-VC System

Introducing our full-featured in.k1000 keypad with its color capacitive touch screen display. K1000 Controller on Resorter and Up

Fun, simple, engaging Parting ways with physical buttons, keys and overlays, our in.k1000 touch screen keypad is fun to use and simple to learn. It features an intuitive and engaging one level menu interface.

Truly Interactive

Mode and function selection wheels, all-on/all-off one touch activation key, interactive display icons and on-screen reminders make for a unique user interface. Get direct feedback and seamless interaction with your spa and its value added accessories like in.clear, in.mix and in.stream 2

Larger, Faster, Cooler

Driven by a powerful 400 MHz processor, Gecko's in.k1000 keypad features an eye-catching 4.3 in. 256K color LCD capacitive touch screen display. Resting in a thin and beautiful enclosure that houses its cutting-edge electronics , in.k1000 fits perfectly on the edge of any spa.

in.Mix™ Lighting System

Stunning underwater light shows. Define independent zones in the spa.

in.Touch2™ Remote Spa Operation

Easily integrate your spa to the Internet of Things! Gecko Alliance's in.touch 2 ultimate Wi-Fi remote control for your spa

Branded K300 Controller on 8' Cabana and Down

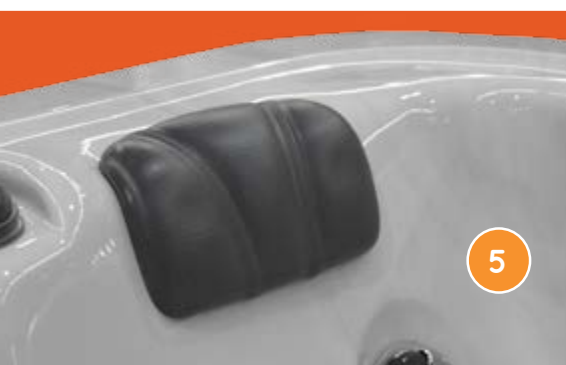

With its big LCD screen and simple icons, in.k300 gives the user instant spa status information. Setting the temperature unit, economy modes or filter and purge cycles have never been so easy.

Value Added Features That Set Bahama Spas Apart From Others

- 1** Digital Controls
On Demand Hydrotherapy
- 2** Air & Water Diverters
User friendly design allows user to adjust the amount of air and water pressure
- 3** Highly Efficient
Filtration Systems
- 4** Fountain Jets & Waterfalls
(Bimini equipped with waterfall)
- 5** UV Treated, Padded
Headrests
- 6** Extra Large Footwell
(Calf and ankle jets included on select models)
- 7** Adjustable
Stainless Steel Jets
(Shown with Backlit Jet Option, Jet styles vary by model)

At Bahama Spas we develop a unique product. We invest time into constructing well-built spas, use the highest quality materials and develop a state-of-the-art therapeutic and entertainment user experience. An infinite amount of research stands behind the jet placement in every Bahama Spa. These spas are built for style, stress reduction, and therapeutic benefits. From comfort seating with UV resistant padded headrests to powerful pumps, Bahama rejuvenates both body and mind.

3

4

5

- Up To Four Times The Filtration
- Adds Life To Regular Spa Pump
- Energy Efficient - Reduces Cost
- Pump Is Whisper Quiet
- Reducing Your Electrical Bill

* The chart data is based on 10 hours of daily filtration required for an ozonator or bromine generator.

** Electricity price at \$.15 / KWH \$

Maintenance Free Skirting and Color Combination Options

Bahama Spas offers a variety of popular color options - designed to fit any decor. With proper care, your hot tub will be as rich and lustrous years from now as it is today.

The Bahama Spa polymer cabinet offers an unparalleled look, texture, and performance. The cabinet is maintenance free and features custom rounded corners and removable panels for access to all areas inside the spa. The Bahama Spas cabinetry is moisture and impact resistant, therefore it doesn't crack or fade. It is also sound proof and flame retardant.

- Deep Breathtaking Colors
- Easy to Clean
- MAINTENANCE FREE SKIRTING!

Hot Water Hydrotherapy And The Benefits

Dynamic hydrotherapy is our primary goal, it is the heart of our spas. An infinite amount of research stands behind the jet placement in every Bahama Spa. These spas are built for style, stress reduction, and therapeutic benefits. You won't have to play "musical chairs" to gain the utmost comfort from the generous number of therapy jets. These jets are all connected by the Bahama plumbing system, which provides maximum water flow through the use of extra large hoses and tubing. Sure-grip fittings ensure a secure bond between pipes and jets. Neck Jets target neck and shoulders, massage jets soothe shoulders and lower back, Carpal Tunnel Jets ease hands and fingers while Jumbo jets, located in the footwell, provide the ultimate foot massage.

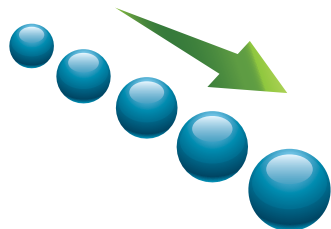

- Strategically Placed For The Utmost Benefits
- Jet Placement Targets Major Muscle Groups For Fast Pain And Stress Relief
- Adjustable, Interchangeable Jets Allow You To Customize The Action
- Diverter Controls Allow The User To Adjust The Amount Of Water Pressure To Each Seat

(Large) Power Massage
(Multi Shower)

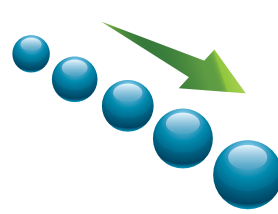

(Large) Power Rifle

Spa Models Notes

Swim • Row • Relax • 365 Days-a-year

The swim spa line was created to improve the quality of life for you and your family. Use it to swim, stretch, row, relax and enjoy. It's your own personal gym and pool in one!

Bahama Spas believes exercise and fun can be combined into the same area. Four specialized swim spas that are built to last a lifetime and are an excellent way to get in shape! This line includes a Lucite® shell, exercise equipment for resistance training and super water purification system which ensures clean water every time you workout or swim.

The swim spa line includes a swim lane for guidance in the water. The included rowing kit gets you started with resistance bands and bars so you can start your training circuit right away! It will become your personal underwater gym. Add in the resistance provided by water which is twice as effective while being much gentler on joints for that low impact regiment.

Swim spas can be installed above or below ground and do not require the permits required for regular swimming pools. They are also more energy efficient and backed by an outstanding warranty. So, whether it's swimming against powerful jets, rowing, soaking or just relaxing, there is a Bahama swim spa for your size and budget.

Optional Features

- (Circ) Circulation Pump
- in.Touch System

Cover Features & Benefits

1

Double Sewn, Hand Grips

Provide superior durability and an extra level of comfort.

2

Insulated Heat Bags

Helps to eliminate heat loss between the cover fold when spa is not in use.

3

4 Child Resistant Locking Mechanisms

Fasten to each corner of the spa, providing that extra peace of mind.

4

Sealed Interior Hexene Poly Bag

Protects inner foam core by reducing sweating and moisture.

Bahama recommends that you keep your cover on and locked when spa is not in use!

Bahama Spas Rest-Assured Warranty

10

Ten Year Shell Structure Warranty

Bahama Spas warrants its spas not to leak, meaning to be structurally sound and capable of holding water only, and against loss of water through the fiberglass laminate of the spa shell caused by defects in materials and/or workmanship for a period of TEN YEARS from the original date of purchase.

7

Seven Year Surface Finish of Shell Warranty

Bahama Spas warrants the surface finish of its spas to be free from blistering and cracking due to defects in the acrylic surface material for a period of SEVEN YEARS from the original date of purchase.

5

Five Year Component and Labor Warranty

Bahama Spas warrants the electrical components: heaters, pumps, relays and contactors and other spa components against malfunction, leaks and/or defects in materials and/or workmanship for a period of FIVE YEARS from the original date of purchase.

5

Five Year Plumbing Warranty

Bahama Spas warrants all plumbing parts to be free from defects in material and/or workmanship for a period of FIVE YEARS from the original date of purchase.

1

One Year - Other Warranties

See Bahama Spas Limited Warranty for additional information
